

TOURISM AND VISITORS

Overview

Wildfires have seriously impacted the areas of Lahaina, making travel inadvisable to that area as well as Kaanapali, Napili, and Kapalua. If you are a visitor staying in another area on Maui, please avoid these areas. Travel restrictions to these areas will end October 8th with the exception of Lahaina. Travel to the other islands in the state is not impacted.

Hotels in Kaanapali, Napili, and Kapalua have temporarily stopped accepting bookings for future reservations as they are housing their employees and displaced families. Visitors who had planned to stay in in these areas in the coming weeks and months are urged to consider rescheduling their travel plans for a later time or another part of Maui.

Future Travel Plans

For information on future travel to Hawaii, please visit gohawaii.com or see the Hawaii Tourism Authority's wildfire updates page [here](#).
