Supporting the designation of the week of September 15 through September 21, 2024, as "Telehealth Awareness Week".

## IN THE SENATE OF THE UNITED STATES

Mr. Schatz (for himself, Mr. Wicker, Mr. Cardin, Mr. Thune, Mr. Warner, and Mrs. Hyde-Smith) submitted the following resolution; which was referred to the Committee on \_\_\_\_\_\_

## **RESOLUTION**

Supporting the designation of the week of September 15 through September 21, 2024, as "Telehealth Awareness Week".

Whereas telehealth allows a health care practitioner to furnish health care services to a patient or a practitioner at a different physical location than the health care practitioner;

Whereas telehealth played a significant role in supporting access to quality health care services for millions of patients during the COVID-19 public health emergency and continues to be important beyond the end of the public health emergency;

RIL24884 34W S.L.C.

- Whereas Medicare beneficiaries used 88 times more telehealth services during the first year of the COVID-19 pandemic than they did in the prior year;
- Whereas 25 percent of Medicare beneficiaries received at least 1 telehealth service in 2023;
- Whereas, in 2023, approximately 90 percent of Medicare beneficiaries who received a telehealth service were satisfied with their experience;
- Whereas, in 2023, telehealth was a routine health care modality with 13 percent of Medicare beneficiaries using telehealth in the last quarter of the calendar year;
- Whereas telehealth is a common care modality for Medicare beneficiaries to receive behavioral health services, with half of common psychotherapy services furnished under the original Medicare fee-for-service program delivered by telehealth in 2022;
- Whereas Federally qualified health centers and rural health clinics use telehealth to deliver services to rural and underserved populations;
- Whereas, following the unprecedented use of telehealth services in response to the COVID-19 public health emergency, telehealth now represents a critical component of health care delivery;
- Whereas legislative efforts to increase telehealth access have received bipartisan support in the Senate and the House of Representatives;
- Whereas the United States has an opportunity to help improve access to health services for all individuals, including members of rural and underserved communities; and

RIL24884 34W S.L.C.

Whereas "Telehealth Awareness Week" unites the efforts of patients, caregivers, health care providers, policymakers, and other stakeholders to advance the role of telehealth in health care: Now, therefore, be it
